

Web site of Lambretta club de France

www.lambretta-france.com

Welcome,

This is the 50's and 60's Classic Scooters Fan Club web site. We hope you did not surf too long before finding us !

The Scooter Lambretta-Club of France was born September 1, 1987, in Saint-Julien-les-Villas (Aube, France), where the SIT Lambretta French plant was located, back in the 50's. The Club took the opportunity to revive Scooter's enthusiasm for all the « aficionados » who used to meet back then in the Lambretta-Club of Troyes, France.

Here is a sample of some of the club's activities :

Publication of a bulletin 4 times a year

Organizing trips

Remaking of safety-pieces

Re-printing of technical catalogs and reviews

Technical advice for owners

Travel tips

We also organize France's largest "Scooter Fair" in Troyes (Aube) on the second Sunday in May.

If you are tempted to join members of the Club, just send in you registration along with your 45 € remittance.

Do not forget to tell us your address. Your payment will entitle you to a one-year subscription to our bulletin.

So long, and we hope to count you among us very soon.

Best regards

Philippe LUBRANO
